Darkness now enveloped the two armies and hostilities ceased by mutual consent. The battle lasted from five in the morning till seven at night, without a moment's cessation. The conduct of our troops was without exception excellent.

It is impossible now to form an idea of the loss on either side; it is heavy on both sides. Our loss will probably reach ten thousand; that of the enemy will not exceed it. The enemy's dead nearly all fell into our hands. They were thickly strewn over the field, in many places lying in heaps. Our wounded were immediately carried from the field.

When Hooker fell, McClellan immediately passed to the right and was enthusiastically received. His presence added much to our success in recovering the ground lost. He was in the center and left, anxiously watching the progress of the battle and giving direction for the manner of attack. He is in the line to-night for the first time since the battle of September 17. We took fifteen hundred prisoners during the day. The enemy obtained but few.

The following officers are among the killed and wounded: Hartsuff, Duryea, Sedgwick, Capt. Anderson, all to Sumner, wounded; Maj. Sedgwick, killed; Col. McNeil, killed; Allen, of the Bucktails, killed; Col. Palla, 2d U. S. Sharpshooters, wounded; several other prominent officers are reported killed or wounded. Nothing positively known concerning them.

FROM WASHINGTON.

WASHINGTON, Sept. 18.—It is not known in official circles, but it is reported, that McClellan has been there for some time, and that he is in the vicinity to make such an effort as he may deem proper.

The latest information received here to-day was dated from sent of war at 11 o'clock last night, when it was telegraphed that McClellan had a severe engagement throughout the day, resulting in gaining the position for which our army fought.

Information from a point within four miles of the battle ground, dated at 10 o'clock this morning, says nothing of the engagement having been renewed previous to that hour. It merely states that one thousand rebel prisoners were taken yesterday, and that they were being marched to the rear past that point under guard.

A reconnaissance in force made yesterday has demonstrated that there are no rebel troops between Washington and Bull Run, while our scouts yesterday reported they were there in full force, and at Drainesville on Tuesday evening.

Maj. Sherburn, of Wadsworth's staff, has examined a number of state prisoners in the old capital, preparatory to a final decision in their cases. About a dozen prisoners of war will be released on the basis of parole. They are mostly residents of New Orleans, and intelligent men.

In accordance with the orders of Gen. Banks, Maj. Dasher is transferring the deserters and stragglers arrested by his guards to the convalescent camp at Alexandria.

LOUISVILLE, Sept. 18.—Multitudes of conflicting rumors respecting matters south of here have prevailed all day, creating considerable excitement. All that can now be said is, that Kirby Smith appears to be joining Bragg, intending to give Bull Battle.

Louisville is being fortifiably entrenched, and great numbers of slaves from loyal and disloyal owners indiscriminately have been impressed for that purpose.

HARRISBURG, Sept. 18.—Information received this morning direct from the battle-field, represented the battle would undoubtedly be resumed today, but up to this hour no firing was heard at Hagerstown. The rumors remain in about the same positions as in yesterday's fight. Troops are still arriving by thousands, and are immediately sent forward.

Later advice just received at headquarters from Hagerstown, confirm the report that no fight has taken place to-day; that the rebels are supposed to be short of ammunition, and that the fight will probably re-commence at daylight to-morrow.

A telegraph line is being extended to Boonesboro, and will probably be completed to-morrow.

PITTSBURG, Sept. 18.—Universal gloom pervades the city in consequence of the terrible disaster at Allegheny Arsenal yesterday. A public meeting was held at the Board of Trade rooms by citizens to make arrangements for the relief of the families of the sufferers. Business was entirely suspended, all the stores being closed at twelve o'clock.

The number of killed and missing as far as ascertained is seventy-six. It is supposed it will reach upward of ninety.

MILWAUKEE, Sept. 18.—A dispatch has been received from General Pope to the Governor, requesting that no more troops be sent from this State. The 25th regiment which should have left for Kentucky to-day, is now ordered to St. Paul, Minnesota.
